THESE instruments have enjoyed a high reputation for more than forty years. Are Brilliant and Musical in Tone, and afford a most beautiful accompaniment to vocal music—the tone having that rare sympathetic quality which blends admirably with the human voice. # Bassett's "ÉLITE" Mucilage.

PERFUMED WITH THE EXTRACTS OF RARE FLOWERS.

Will never mould or sour; will not dry up like ordinary gums;  
will stick stronger and better than any mucilage  
ever produced.

ALWAYS READY FOR USE. THE BEST IS THE CHEAPEST.

To accomplish the best results, it is necessary to use the best means; and, in this age of invention, much attention has been given to perfecting appliances for saving labor. The prosperous business man, to whom every minute is valuable, appreciates most fully anything that will permit economy in time; and nothing is so annoying as to find that his pen is scratchy, his pencil poor or the mucilage thick and in such condition as to be of little use. Most assuredly it is economy to use the best materials that can be obtained; but, unfortunately, the sharp competition of late years has had the effect of inducing some manufacturers to use a cheaper class of goods in the preparation of their wares, in order to place their productions in the market at prices lower than those of their rivals. Of course the most reliable firms do not adopt this unwise policy; and it is encouraging to find that the public has become dissatisfied with goods that are poor in quality, because cheap, and now insists upon excellence, even though the price be necessarily higher. It would be interesting to know how much valuable time is wasted in annoying struggles to withdraw brushes from mucilage bottles; for the nature of the adhesive compound is such that, as a rule, it soon becomes so thick that, if allowed to stand any length of time, the brush is firmly fastened to the bottle and can be detached only by considerable expenditure of time and strength. In 1879 Mr. Bassett of the firm of Joseph T. Brown & Co., the well-known Druggists at the corner of Washington and Bedford streets, made a few bottles of mucilage, using a formula which he had prepared after careful study of what was needed for the compound. The mucilage was put aside; and when some of the bottles were opened a short time ago it was found that the contents were in as good condition as when the bottles were filled. This is quite remarkable; but the best quality of gum and other ingredients had been used, and in addition a most agreeable perfume had been added, and this had the effect of preventing the fungus growth found in most mucilage. Messrs. J. T. Brown & Co. have accordingly prepared more of this **BASSETT'S "ÉLITE" MUCILAGE** from the same formula used six years ago. As before, it has produced a mucilage that is unusually limpid, while at the same time it is of extra adhesive power, being almost like the best glue. The delicate perfume makes it a delightful addition to a lady's writing desk, and will also recommend it for use in banks and business offices, especially as it will never mould nor sour, and will not dry up like ordinary gums.

Boston Transcript, March 21, 1885.

**THE "ÉLITE" MUCILAGE** is elegantly put up in our Patent Flint-Glass Bottle, so shaped that it is almost an impossibility to upset it. Each bottle is provided with a brass-handled brush with white bristles and a handsome nickel-plated cap, the whole outfit being ornamental and thoroughly practical. For the **HOUSE**, the **OFFICE**, the **STUDIO**, the **LIBRARY**, for **STORES**, **BANKS** and **HOTELS**, the "**ÉLITE**" **MUCILAGE** is superior to all others.

# Saturday Evening Gazette.

---

THE SOCIETY PAPER OF BOSTON.

---

THE BOSTON SATURDAY EVENING GAZETTE is peculiarly a Boston paper, and has been for over three-quarters of a century the leading family weekly journal of the city. Its circulation is among the most intelligent and influential class of readers. In the discussion of topics relating to

**Literature, Politics, Art, Music, and the Drama,  
Society, and the General Affairs of the Day,**

it employs the best writers, and among these are gentlemen and ladies who are recognized as the first authorities in the specialties of which they treat.

An important feature is the publication of the sermons of the Rev. C. G. Ames of the Church of the Disciples, which are printed each week during nine months of the year. They are broad and liberal in spirit and wholly in sympathy with the all that is best in modern progress, intellectual and social.

The GAZETTE is a special favorite with the ladies. Its "**Out and About**" columns contain a larger amount of matter of interest to this class than can be found in any weekly journal in the country, and have given it a reputation in Society Circles everywhere. Its other specialties are scarcely less popular with its readers. As a hotel paper, the GAZETTE stands second to none in extent and thoroughness of information. It is taken in clubs throughout the United States. In fact, as a **Society, Hotel and Club Paper**, it is without a rival.

As an advertising medium the advantages of the GAZETTE are obvious, and are widely appreciated. No journal has a more select and desirable advertising patronage; and by the Book Trade, the Hotels of the Country, the Dry Goods Trade, and in specialties in which the patronage of ladies is solicited, it is most of all sought.

"One of the brightest and most enterprising papers in New England."—*HARPER'S WEEKLY*.

"THE BOSTON SATURDAY EVENING GAZETTE continues to be conducted with diligent enterprise, and to maintain its claims to the regard of its numerous friends by the diversity and ability manifested in its well-filled columns from week to week."—*BOSTON TRANSCRIPT*.

"THE BOSTON SATURDAY EVENING GAZETTE, which has seen the rise and fall of at least a score of newspapers in Boston, keeps on the even tenor of its way without a skip or a break. Its appearance is not suggestive of age, but of perpetual youth, and it holds its peculiar field without a rival."—*BOSTON HERALD*.

# U. S. WEATHER BUREAU.

## EXPLANATION OF CAUTIONARY AND STORM SIGNALS.

A RED FLAG with a WHITE CENTRE, displayed at stations on the Great Lakes, indicates that the winds expected will not be so severe but well-founded sea-worthy vessels can meet them without danger.

A RED FLAG with a BLACK CENTRE either on the Lakes or seaboard indicates that the storm is expected to be severe.

The pennants displayed with the flags indicate the direction of the wind; red, easterly winds (from northeast to south) white, westerly (from southwest to north). The pennant above the flag indicates that the wind is expected to blow from northerly quadrants; below from southerly quadrants.

The Information Signals consist of a RED PENNANT similar to the direction pennants, and when displayed alone indicates that the local observer has information from the central office of a storm covering a limited area, dangerous only to vessels about to sail for certain points. The signal is intended to be a notification to shipping masters that valuable information will be given them on application to the local observer.

By night a red light will indicate easterly winds and a white light above a red light will indicate westerly winds.

The system of weather, temperature and rain signals displayed throughout the country is distinct from the cautionary and storm signals, the latter being principally for the information of the maritime interests, and are displayed at the principal ports of the Great Lakes, and on the Atlantic, Pacific and Gulf coasts.

Boston office, rooms 149 to 154, P. O. Building, open to public from 9 A. M. to 4 P. M.; visitors cordially invited.

# CARD ETIQUETTE.

## *The Signification of Corners turned on Visiting Cards.*

UPPER RIGHT CORNER—*Visit.*

UPPER LEFT CORNER—*Congratulations.*

LOWER RIGHT CORNER—*Adieu.*

LOWER LEFT CORNER—*Condolence.*

TURNING THE ENTIRE LEFT END—*A call on the family.*

R. S. V. P. (Répondez, s'il vous plait.)—*Please answer.*

P. P. C. (Pour prendre congé.)—*To take leave.*

To send a card without calling signifies inability to call in person.

Acceptances or regrets should be sent as soon as possible after receiving invitations. If no reply is requested and no regrets sent, it is understood the invitation is accepted.

“Party Calls” should be made within one week after date of the party.

Invitations in your own city should be sent by messenger, not by mail. Answers to such invitations should be similarly sent.

Letters or notes of invitation delivered by hand in the city are often marked E. V.—En Ville.

The custom is, for a lady about to be married, to enclose her card in an unsealed envelope, which the servant should deliver, the lady not leaving the carriage.

On gentlemen's visiting cards, “Mr.” should be prefixed to the name.

Any lady wishing to inform her friends of the presence of a lady visiting her family, should enclose her visitor's card with her own, in the same envelope.

An invitation to dine should be answered on the day received.

On receipt of an “At Home” card, no reply is required.

A visiting card should always be left when attending an “At Home.”

An invitation requesting your presence requires an answer.

### BOSTON FIRE-ALARM TELEGRAPH.

#### SPECIAL NOTICE.

The fact that an alarm box is located near their residence and where the key is kept, should be known to all persons; also the simple manner of giving an alarm in case of fire.

The Board of Fire Commissioners recommend to all persons who may see this notice, that they make the necessary inquiries to enable them, in case of need, either to get the key and give an alarm, or to direct others to do so. Time saved in this way may sometimes prevent a conflagration.

In case of fire follow these

### DIRECTIONS.

Go to the nearest box to the fire.

A sign over each box gives location of keys.

Open the box— pull the hook all the way down *once* and let go. Wait *one full minute* for the sound of the bells.

Listen for the working of the machinery in box. If you do not hear it pull again.

If then you hear no sound, go to the next nearest box. Repeat the same there; but do not touch any other box if the nearest one gives the alarm. If it be a keyless door, turn handle to right and open door; *when open*, pull hook as in other boxes.

After giving the alarm remain a while, if possible, by the box, so as to direct the firemen to the fire.

**SECOND ALARMS.**—No persons will give alarms for the same fire (after the first alarm has been given) *without an order from an Engineer*, or the officer in command, and the person so ordered will be *sure* to go to the *same box* from which the first alarm was given, and report the same to the Chief Engineer. *If, however*, a fire breaks out while another is burning, in a different section of the city, a *second* alarm can be given by a Police Officer without waiting for an order from an Engineer.

### CAUTIONS TO PERSONS HOLDING SIGNAL KEYS.

1. Never open the box or touch the hook except in case of fire.
2. Never give an alarm for a fire seen at a distance.
3. Be *reasonably* sure there is a fire before giving an alarm.
4. Be sure your box is locked before leaving it.
5. Never let the key go out of your possession, except to some responsible person, to give an alarm of fire, and be sure the key is returned.

*If you remove from your house or place of business return the key to the Fire Commissioners' Office without delay.*

On a circular there may be written the date, name of the addressee, and name of sender, but the stamping or writing in of a name or date in the body of a circular subjects it to letter postage.

When any matter of the third-class is enclosed in a package of fourth-class matter, it becomes subject to postage at the rate of fourth-class matter.

# Corticelli Wash Embroidery Silk.

## UNFADING DYES.

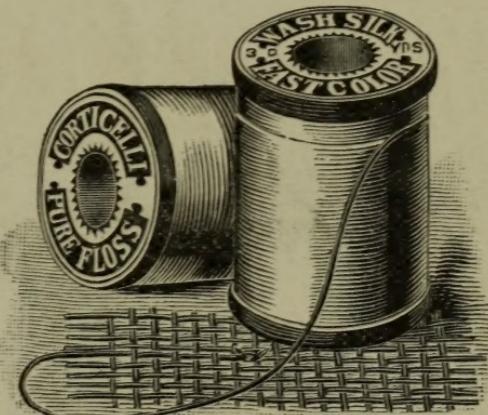

This is the best way to buy your Wash Silk. The spool keeps the silk clean, prevents shop-wear, and saves your time.

This is also the best size for most kinds of fancy work. Buyers should look for the size EE and the brand "Corticelli" on one end of the spool; on the other the words "Wash Silk—Fast Color" should appear. Enterprising dealers sell it.

FLORENCE HOME NEEDLEWORK, 1892.  
96 PAGES.

## Corticelli Wash Floss.

This is much used for the best effects in Artistic Embroidery. A loosely twisted silk thread should always be sold on Spools which keep the Floss clean and avoids shopwear and fraying. The use of skeins is not only wasteful and inconvenient, but the work produced is inferior. One trial of the Spool Floss will convince you of its superior quality. "Florence Home Needlework" for 1892 is now ready. It tells you all about Irish Lace, Sewing, Crocheted Scarfs (4 new styles), Belts, Garters, Passementeries, and other Fascinating Fancy-work Fads; 96 pages, 160 illustrations. This book will be mailed on receipt of 6 cents.
